

“Clean straw is the best bedding one can get
in a great many places.”

The Grand Tour, Thomas Nugent, 1749

Vilnius has been on the world map a long time, since the fifth century BC, and there is a lot to see: the Gates of Dawn, the Gediminas Castle Museum, even a KGB Museum. On the second day of your visit we will take you to Trakai and Kaunas, perhaps the most 'Lithuanian' town of all.

WE SUGGEST:

Two nights Tallin, three nights Riga, two nights Vilnius. Unwind in Tallin and enjoy the café culture. See **backstage at the Riga Opera House** where Baryshnikov started his career. Ask us about the opera festival in June and the international ballet festival in April. Contrast the old and the new in Vilnius.
